11th October 2022

Dear Dr. Sathya Ranna

Greetings and Good Wishes from one of your ardent fans.

I have a long relation with your Institution for more than 15 years. You might have forgotten me, but I can never forget the gracious Doctor who gave me hope and solution, when I was having hearing problem and had given up all hopes of becoming a Lions Governor.

Around 2007 as one ear hearing was zero, I had lost all hopes of becoming Lions Governor.

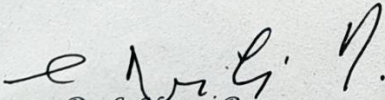

When I met you at your Indiranagar Shreyas Clinic, you gave me a vision of hope and possibility. Getting tested and using your hearing system, my hearing was normal with hearing aid and hopes soared sky high and I became the Lions Governor during 2010-2011 and went on to become Multiple Council Chairperson 2011-2012 .

Let me present this flower bouquet to my Saviour Dr.Sathya Ranna.

God bless you for giving hope and showing the way ,to lead a normal life and never give up hope.

I'm leading a normal life and enjoying listening to music, my granddaughter, children, friends and beloved wife at 74.

Yours ever grateful

Dr. S. Nagraj Rao
